

Here are ways to help your child practice skills while having fun!

Day 1

Write these words: *stop, brave, clip, sled, drive*. Have your child read each word and name others that begin with the same consonant blend.

Day 2

After reading a story, ask your child to tell about the characters. Ask about the setting with questions such as: *Where does the story take place? Does it take place today or long ago?*

Day 3

Write these words: *bear, build, couldn't, mother, father, love, straight*. Take turns choosing three words and using them in one sentence. See how many different sentences you can make.

Day 4

Have your child write these spelling words: *ask, brave, breeze, clip, hand, mask, nest, state, stop, strap, stream, twin*. Give clues about each word for your child to guess and spell.

Day 5

This week your child compared characters in a story. Have your child write a play about two children with very different likes and dislikes who go on a camping trip together.
